F33 Laminis

COMPANY PROFILE

Company overview.

Established in 1961 in the Venetian countryside, Fabbian is one of the premier Italian lighting manufacturers operating in the modern design market, designing and manufacturing lighting fixtures for residential and commercial markets.

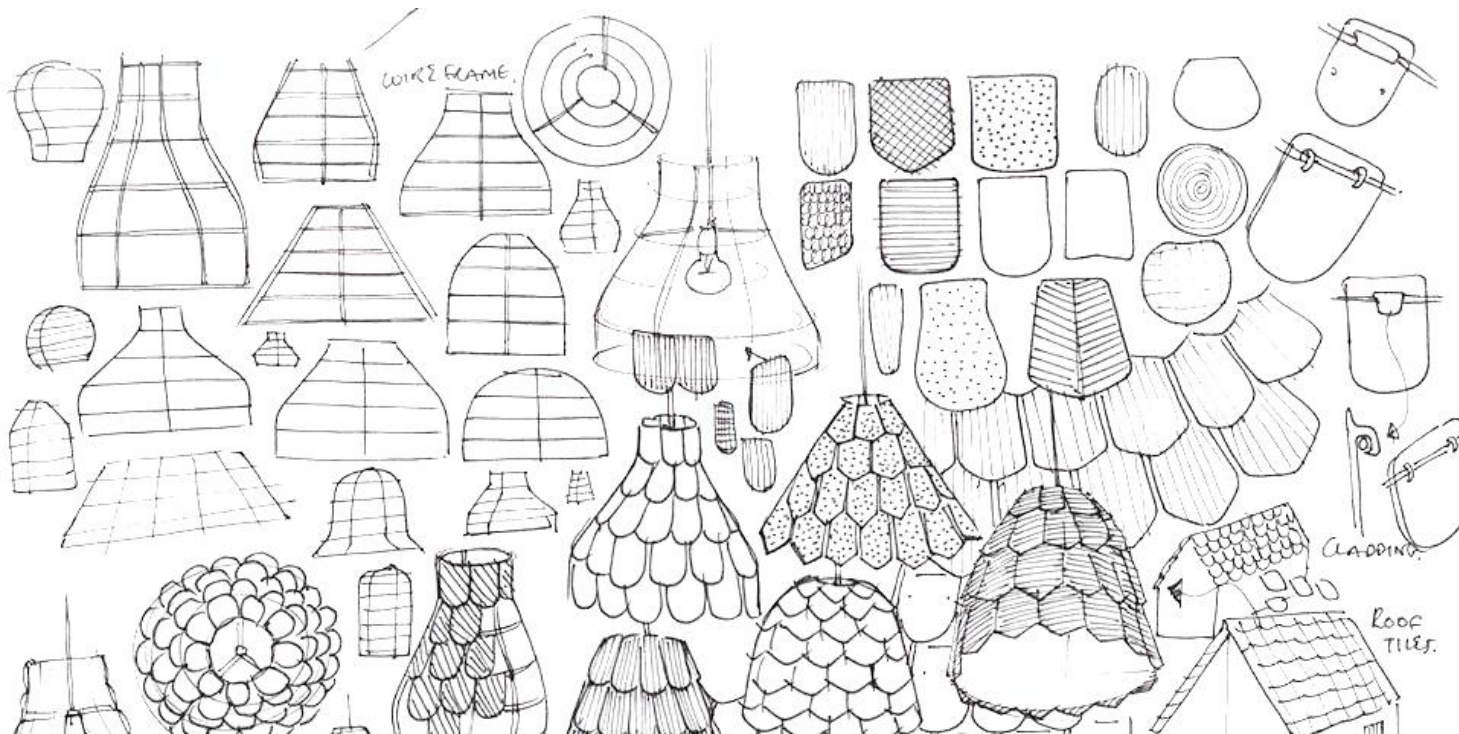

This history, combined with traditional Italian craftsmanship and the finest quality, keeps Fabbian a prominent brand that is internationally recognized in the architectural and design communities worldwide.

COMPANY PROFILE

Company overview.

The endless research on new materials, trends, and aesthetics has always been combined with market demands and new business opportunities.

From the very beginning to the design application, the product life cycle is strictly controlled to make sure that each light fixture meets the highest quality expectations and safety requirements.

These components give Fabbian products a vast and diversified array of inspirations and styles, which is also ensured by yearly prestigious collaborations with well-renowned and emerging designers.

COMPANY PROFILE

Company structure.

Proudly headquartered in Castelmimo di Resana, in the **Venetian Countryside**, the company has an international outreach.

From **Venice**, it manages directly the European region, while it distributes the products through agents or importers in the other macro-geographical areas (Greater China, Russia, South and East Asia, South America, GCC countries, Northern Africa).

North America.

With over 20 years in North America, Fabbian USA offices are located in the world's capital of design, **New York City**, just blocks from Time Square.

COMPANY PROFILE

Designers.

Fabbian has collaborated with some of the most prestigious designers throughout the world to create unique elements for your home and business.

Downlights, Linear, &
Systems

D95 Tile – A Unique Design Platform

The D95 Tile System is Fabbian's Premier Crystal offering for completely customizable design concepts.

Crystal is created by infusing lead into glass at high pressure.

Though a chemical bonding process, the lead clarifies the glass to make it entirely clear, resembling a diamond.

D95 Tile – A Unique Design Platform

Similar to a diamond, light passed over crystal will catch on every edge or facet of the molded or cut pattern.

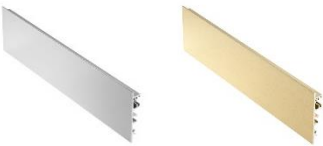

Each 12" x 4.6" section of Tile contains 12 facets in asymmetric triangular patterns to redirect light throughout the entire final sculpture system.

D95 Tile – Lighting Options

When designing your feature elements, many lighting options are available to bring out the amazing clarity of the crystal.

Finishes include either Polished Aluminum or Golden Aluminum Trims

GU10 Lamp Sockets
1-sided or 2-sided
4” deep channel

Use 120V Halogen or LED Lamps, 2 lamps per linear foot

LED Light Bar on cables
1-sided or 2-sided
4” deep channel

Cables power the light bars. Up to 10 bars per 12” wide section. Drivers inside upper channel.

LED Light Bar Top Only
1-sided or 2-sided
4” deep channel

LED Light Bar Top Only
1-sided Only
1.75” deep channel

D95 Tile – Columns and Waterfalls

Light combined with Crystal can create the illusion of falling water, replacing the complexities and costs of traditional water features.

Necessary architectural columns can easily be forgotten when draped in Italian crystal!

F33 Laminis – The Murano Glass Version of Tile

While Crystal is an amazing design element, there are many design aesthetics that call for a more subtle look.

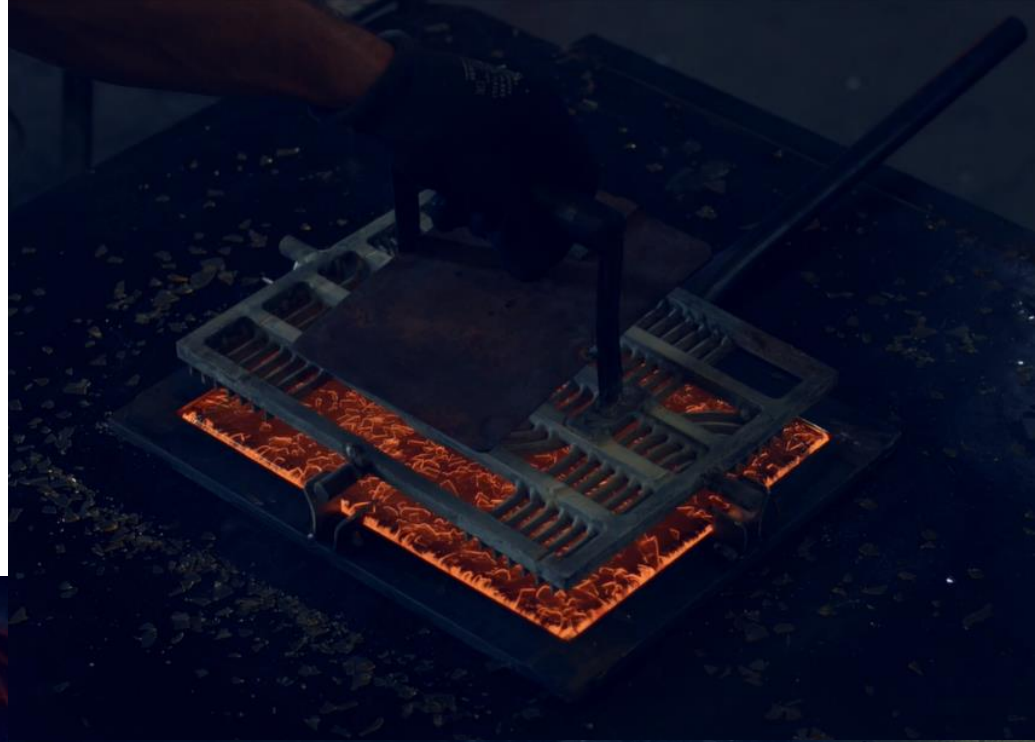

Enter F33 Laminis, a building tool designed to work in the same systems and with the same flexibility as Tile, but with a different aesthetic.

F33 Laminis – The Murano Glass Version of Tile

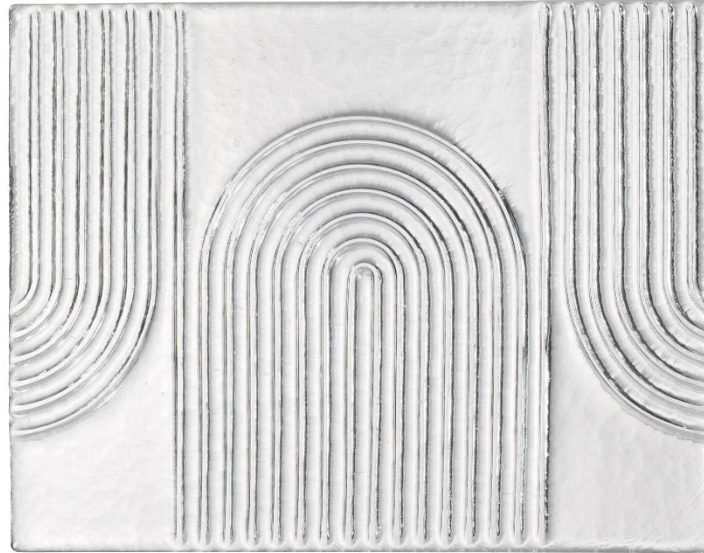

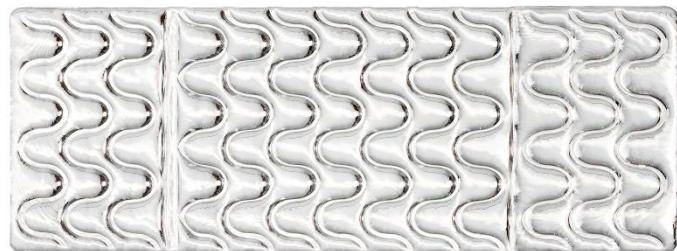

F33 Laminis is created using a technique called “Fracco” which translates to “Pressed Glass.”

Molten glass is poured into a frame and then stamped with various designs to create varying patterns and looks.

F33 Laminis – Customizations and Options

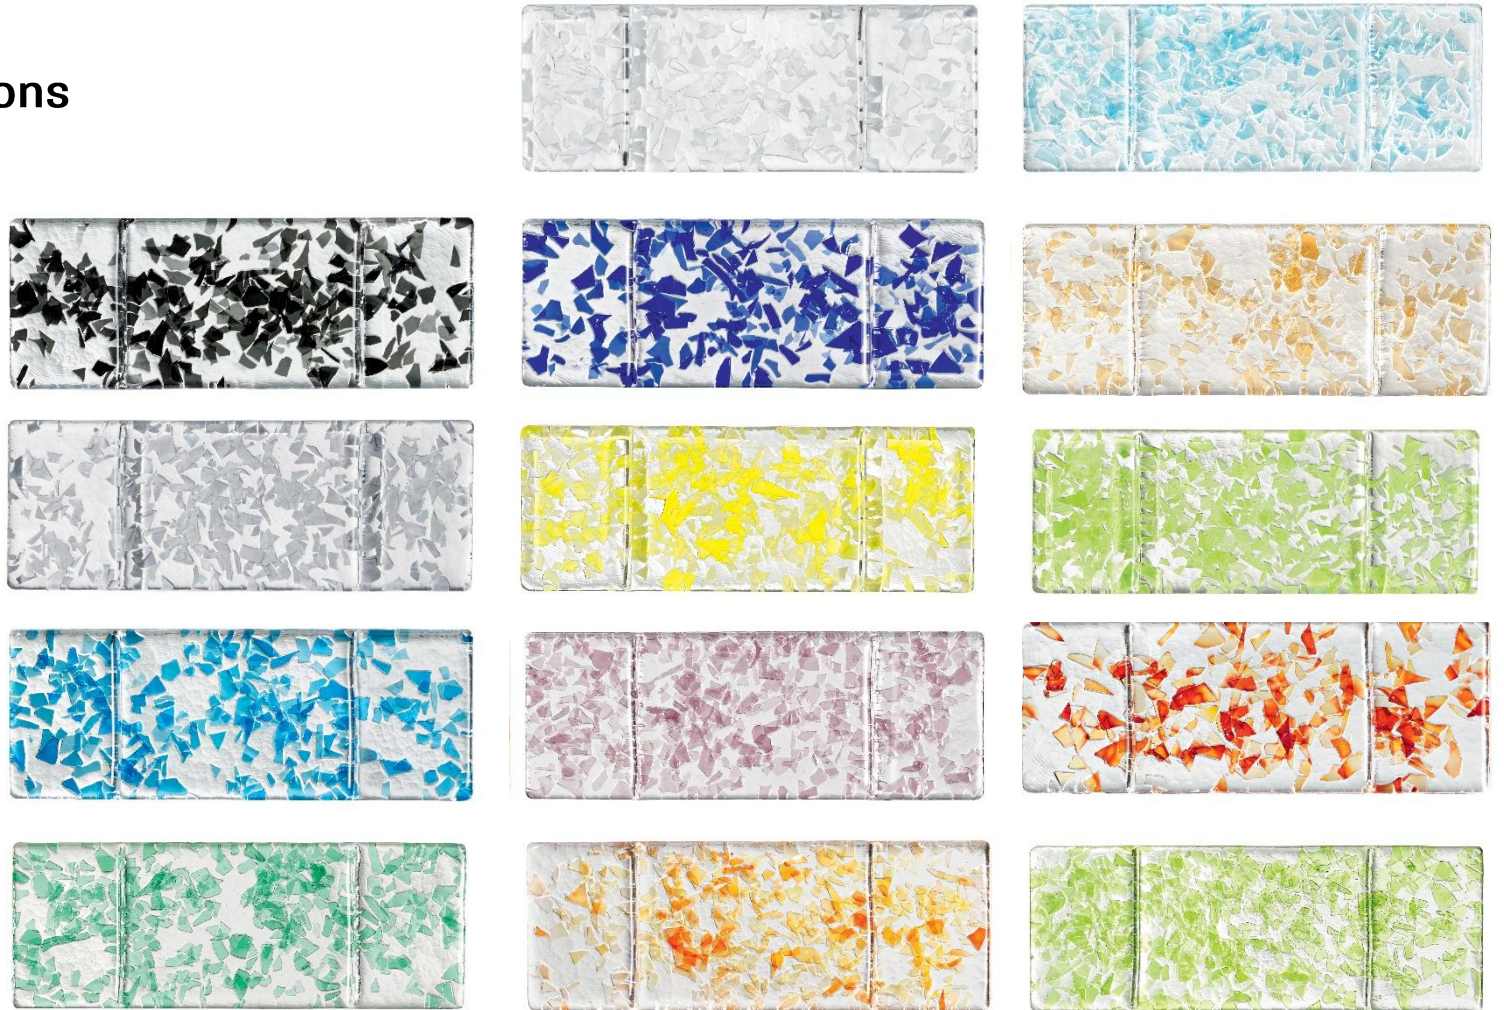

Eight Standard Variations of Laminis Glass are available for your next creation.

F33 Laminis – Customizations and Options

Various shades of pulverized glass can be utilized to create a customized color scheme.

Combined with a custom “logo” frame, pressed glass can make Laminis the perfect focal point for lobby and entry spaces.

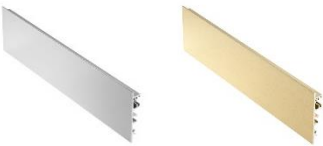

Use customizations for:

- Corporate Logos
- Team Branding
- Creative Patterns

D95 Tile – Lighting and Finish Options

When designing your feature elements, many lighting options are available to bring out the amazing clarity of the crystal.

Finishes include either Polished Aluminum or Golden Aluminum Trims
