

Company overview.

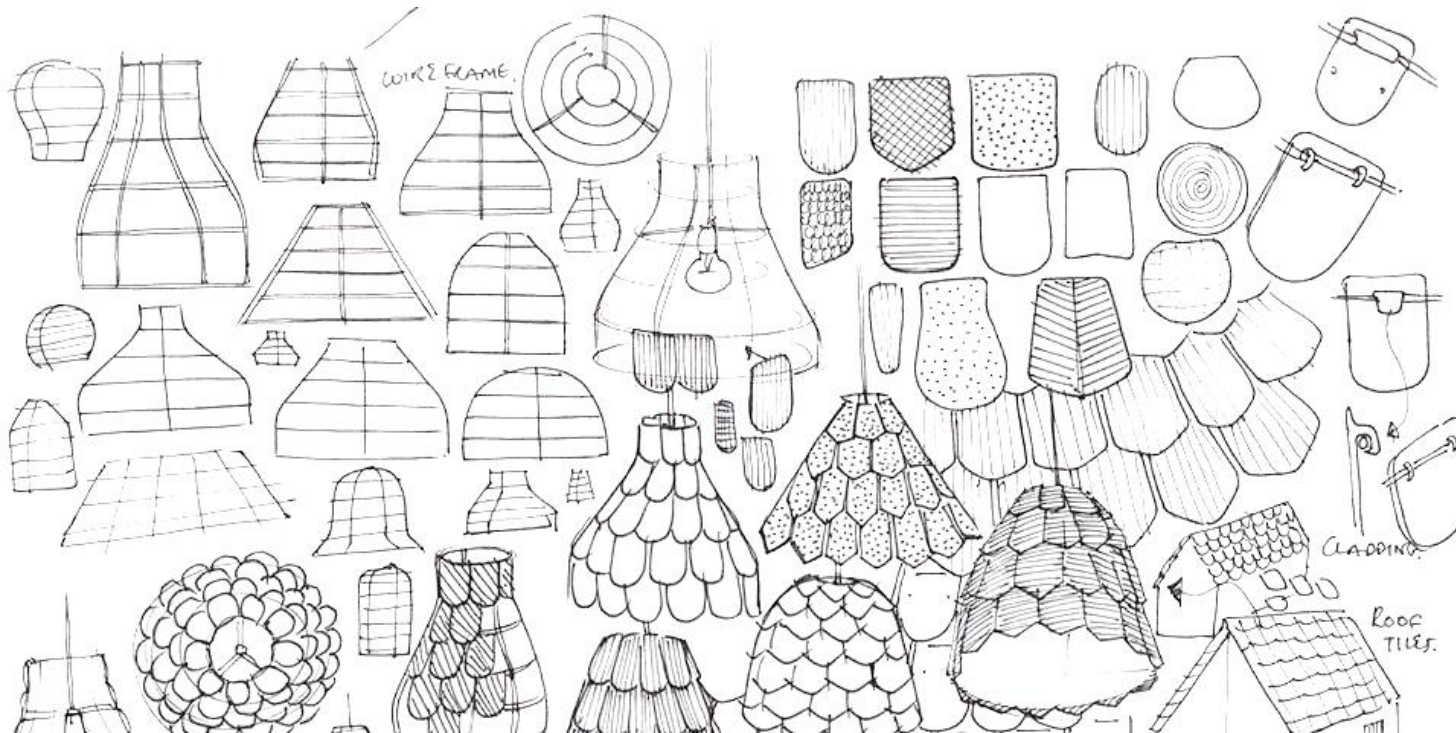

Established in 1961 in the Venetian countryside, Fabbian has always been one of the main points of reference in the decorative lighting appliances' market segment, with products mostly designed and manufactured for private residences and contract works.

This aspect, together with the highest Italian craftsmanship tradition and the finest quality, has always been internationally recognized by architects as well as by the interior and lighting design communities worldwide.

Company overview.

The endless research on new materials, trends, and aesthetics has always been combined with market demands and new business opportunities.

From the very beginning to the design application, the product life cycle is strictly controlled to make sure that each light fixture meets the highest quality expectations and safety requirements.

These components give Fabbian products a vast and diversified array of inspirations and styles, which is also ensured by yearly prestigious collaborations with well-renowned and emerging designers.

North America.

For the North America market, Fabbian USA recently opened a new office in the world's capital of design, **New York City**, just blocks from Time Square, after 17 years in other locations.

COMPANY PROFILE

Company structure.

Proudly headquartered in Castelmimo di Resana, in the **Venetian Countryside**, the company has an international outreach.

From **Venice**, it manages directly the European region, while it distributes the products through agents or importers in the other macro-geographical areas (Greater China, Russia, South and East Asia, South America, GCC countries, Northern Africa).

Designers.

Fabbian has collaborated with some of the most prestigious designers throughout the world to create unique elements for your home and business.

F46 LENS

Designed by Lucie Koldova, Lens features abstract design concepts based on overlapping metal lenses.

The metal lenses appear to **levitate in space** and are illuminated by the innovative LED fixture module. Lens is the **new solution for your large scale projects.**

The primary element of this collection is the metal lens. It is designed to **capture and direct** the light down. Each lens has an irregular perforation to allow the light to pass through and evokes an almost **cosmic feeling** when observed from below.

F46 LENS

Lens's large scale is **ideal for creating virtual landscapes**- in horizontal as well as vertical spaces.

They are designed for atriums, reception areas, retail spaces, hospitality areas; areas that require design focal points as well as powerful light sources.

The Lens collection includes 1 light pendant, 3 light pendant and surface mount options. Offered in two sizes and three standard finishes with custom capabilities.

F46 LENS

Lens is a powerful light source that provides three different types of light.

First is the **diffused light** through the lens, which creates patterns on the surfaces below.

Second is **spillover light** to the outside of the lens adding more direct unobstructed light.

Third is the **indirect/reflected light** from the lens itself.

F46 LENS

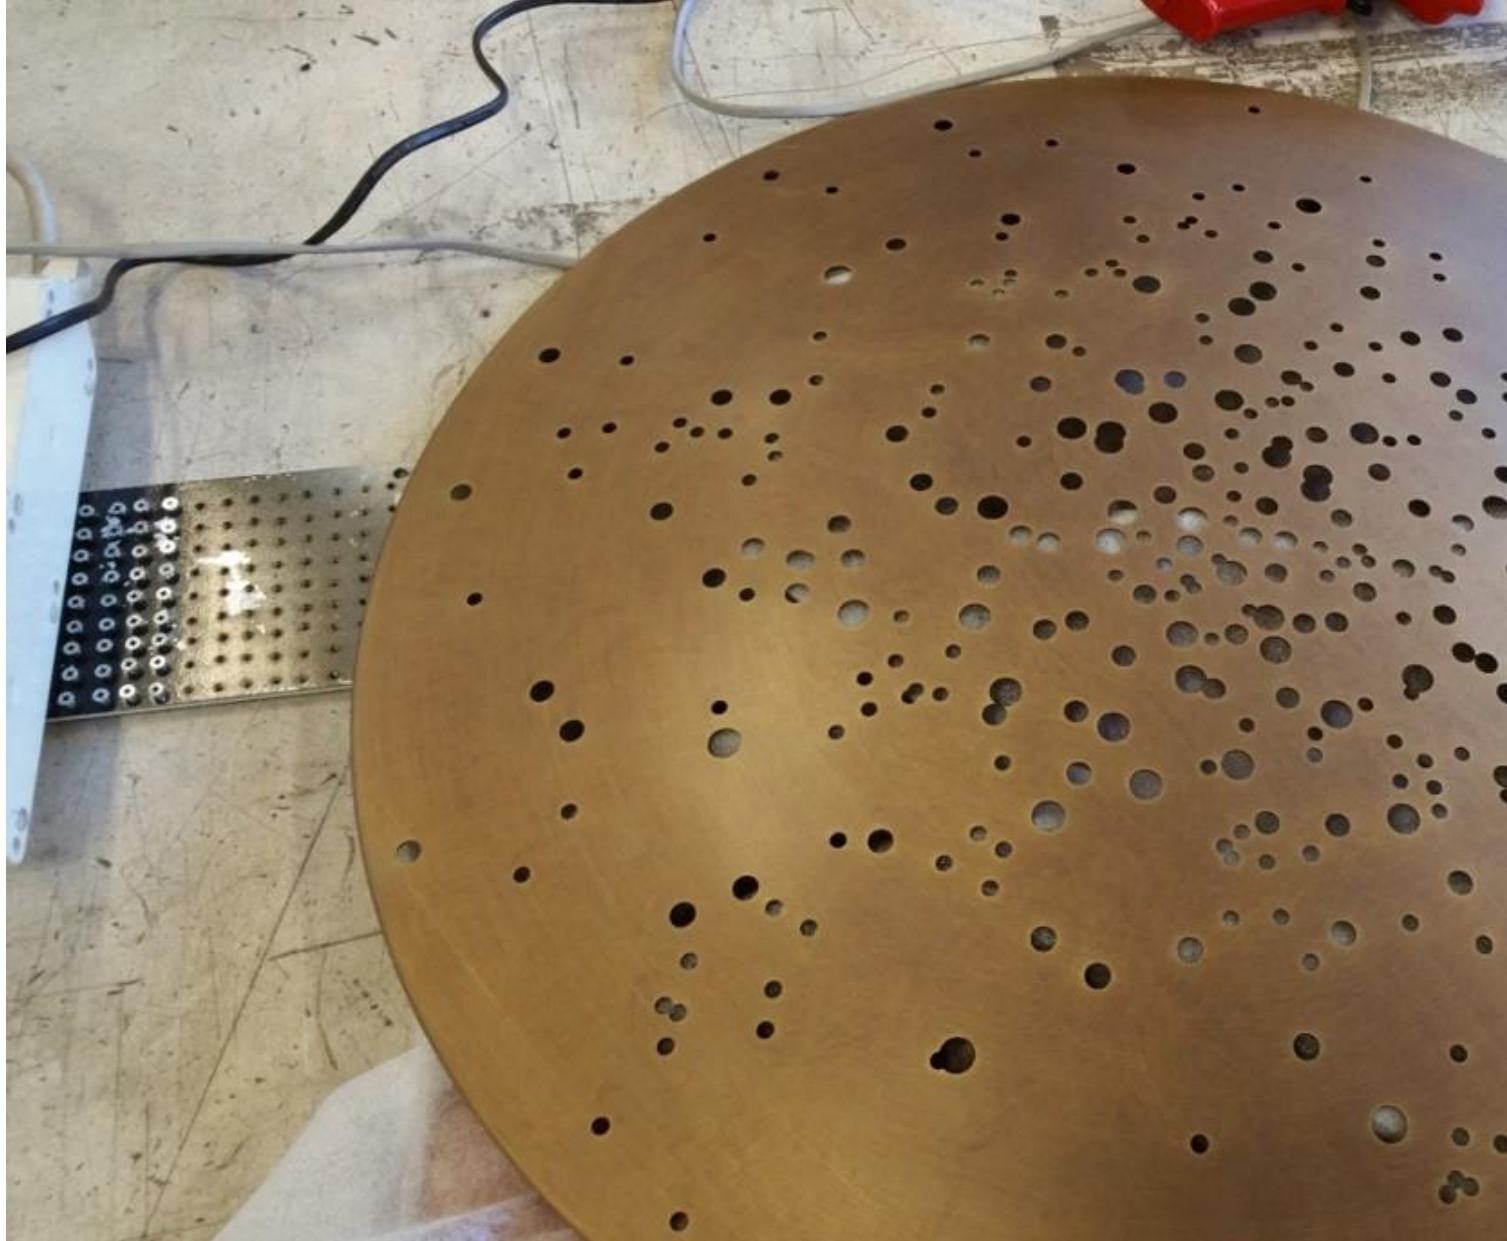

Each Lens is **handcrafted** and takes two weeks and 25 steps to complete.

Starting with the light fixture, it is made of sand-cast aluminum and offers a unique shape that is meant to be seen as well as provide illumination.

F46 LENS

Each lens go through a **spun metal process** where iron sheets are worked until they reach their desired diameter and thickness.

They are then pressed to create their **concave shape**. A 3D laser creates the perforations to provide the characteristic pattern.

As final steps, an oxidation process is inducted by flame and then followed by brushing, sponging, polishing and sanding – an artisanal process that results in each lens being unique.

F46 LENS - Models

Surface Mount

Lens Surface Mount is offered in two sizes and three standard finishes. The metal lens sits off the wall to create a halo of indirect illumination while also providing direct illumination through the surface perforations. 0-10V dimming. 277Volt available.

Dimensions:

23.6"D x 3.5"H

35.4"D x 3.9"H

Lamp Type:

23": 45W 120V 4500 lumens 3000K >92CRI LED

35": 86W 120V 9600 lumens 3000K >92CRI LED

Model Numbers:

F46 G01A 14 - 23.6" Satin-finish burnished

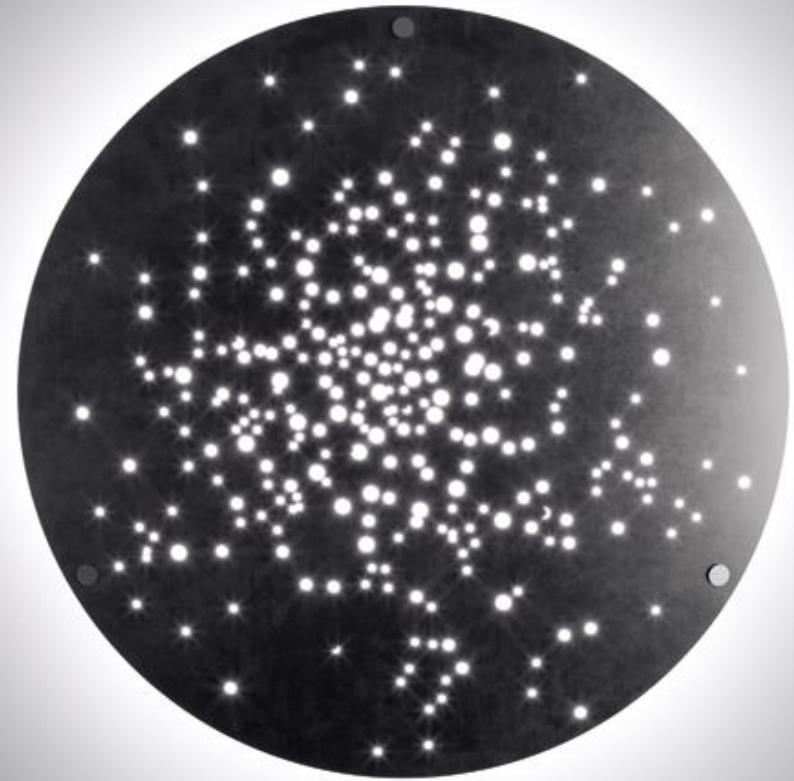

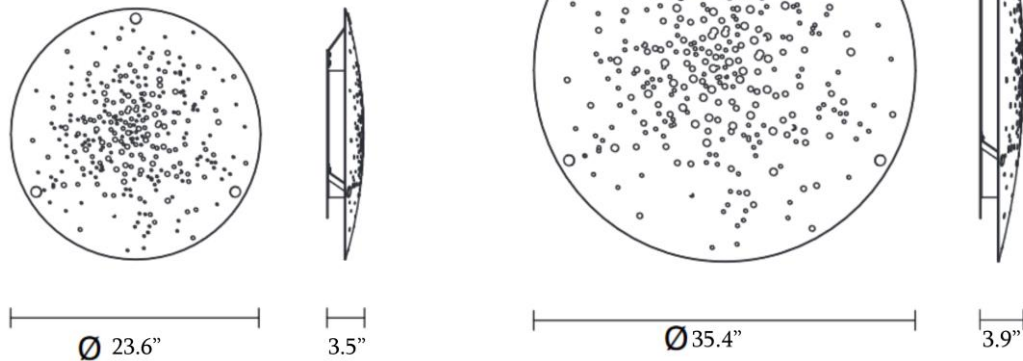

F46 G01A 56 - 23.6" Rust

F46 G01A 76 - 23.6" Bronze

F46 G03A 14 - 35.5" Satin-finish burr

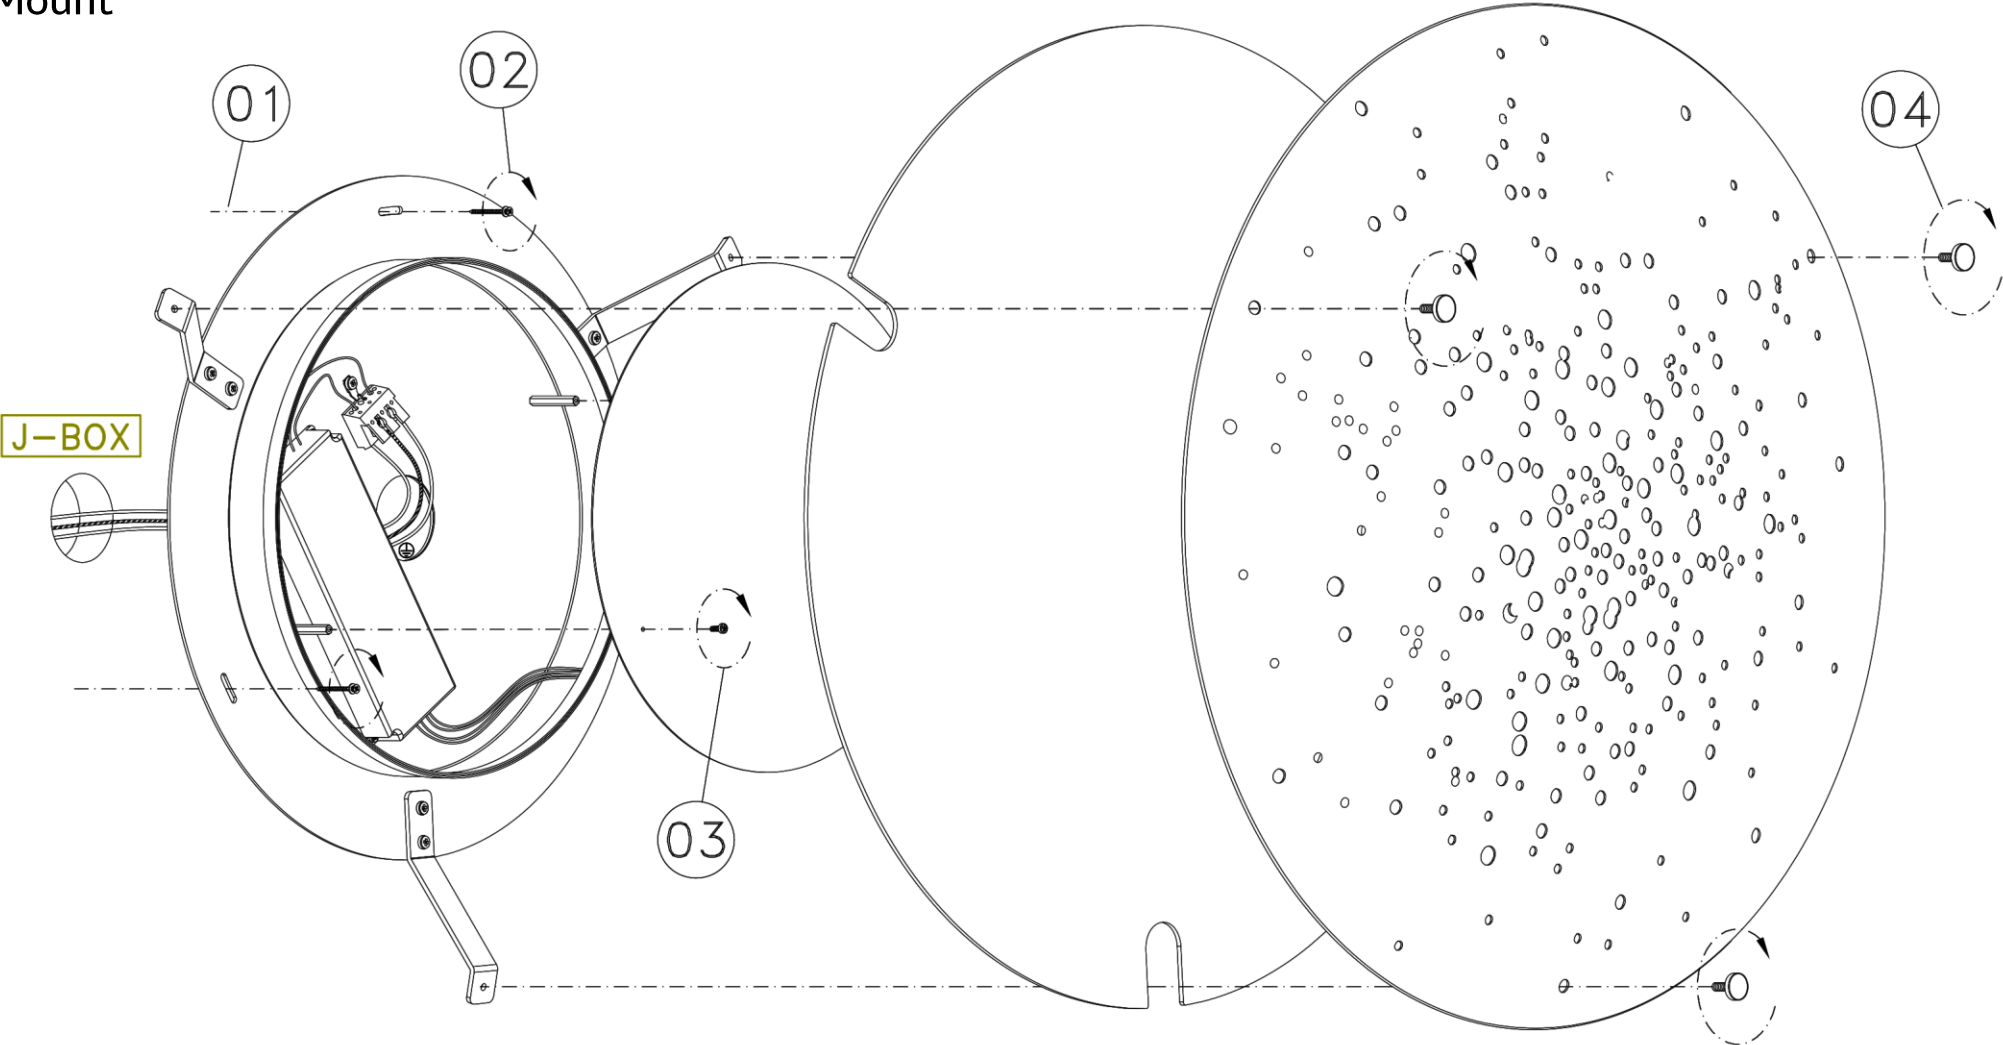

F46 G03A 56 - 35.5" Rust

F46 G03A 76 - 35.5" Bronze

F46 LENS - Installation

Surface Mount

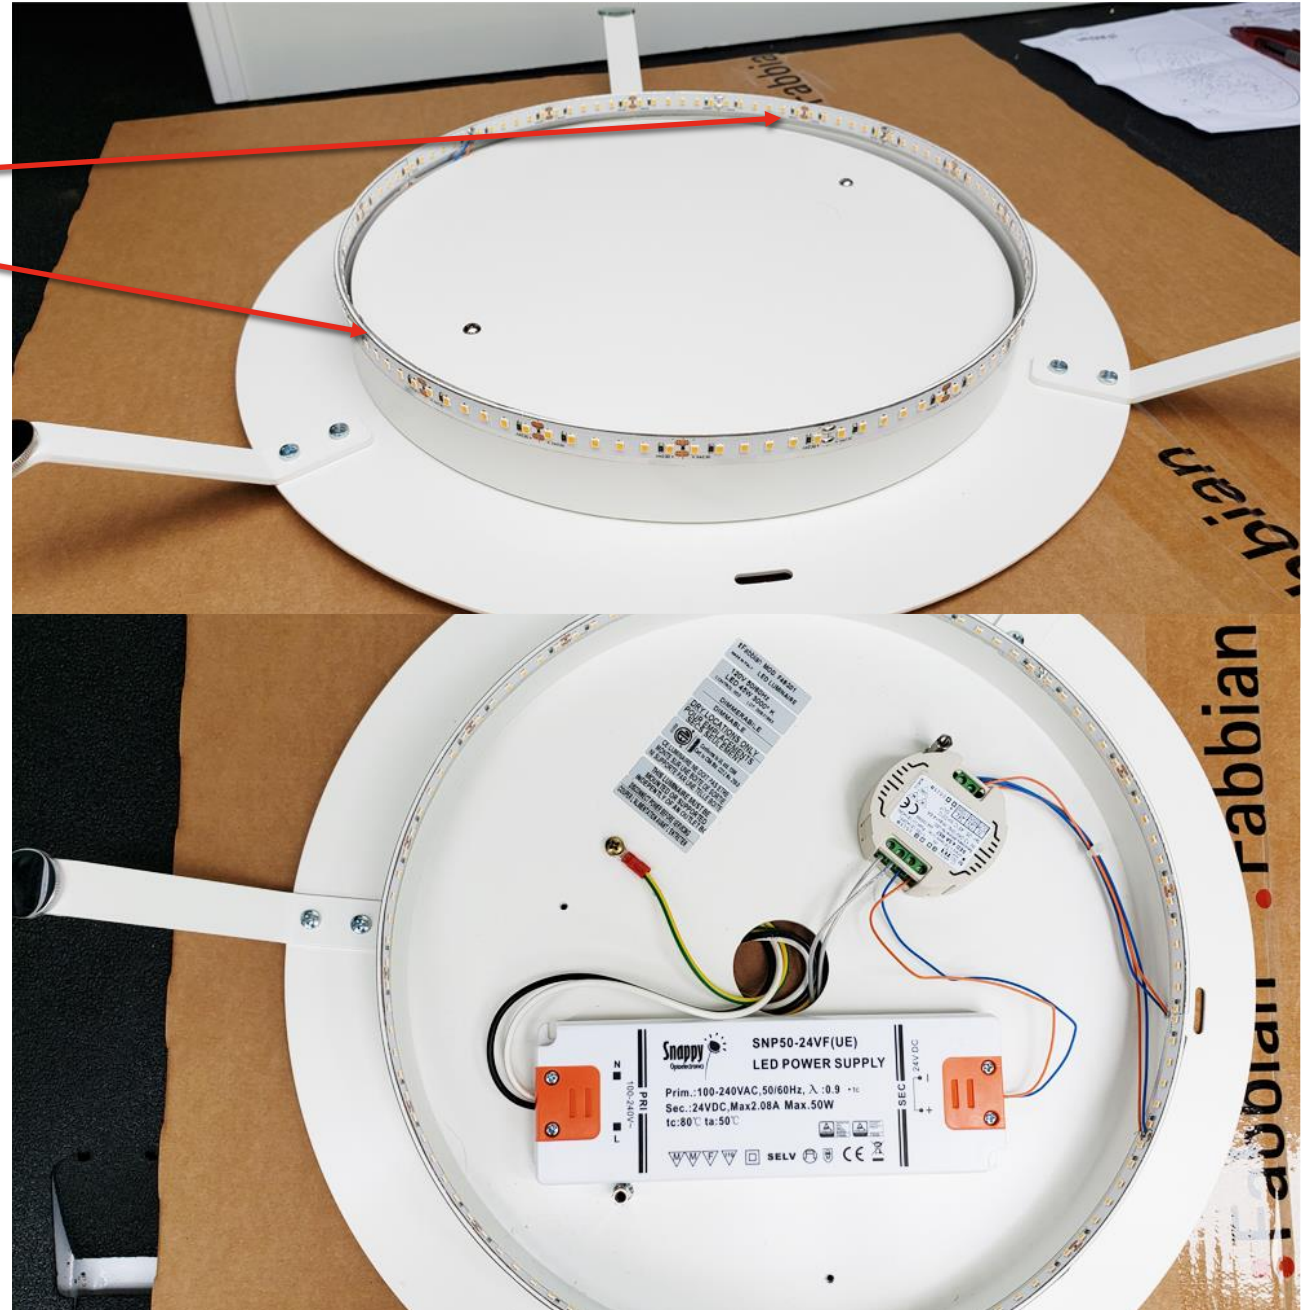

F46 LENS - Details

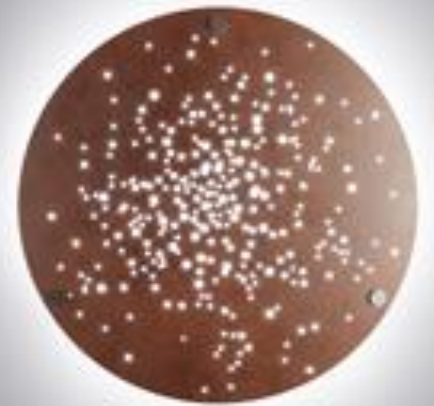

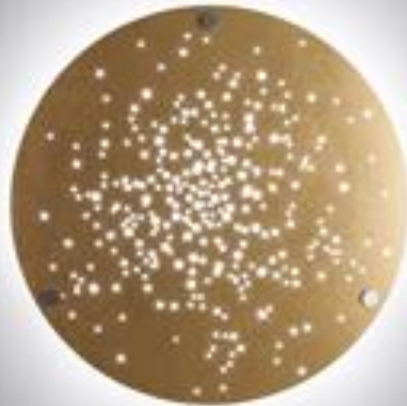

The Lens surface mount has two rows of LEDs, one surrounding the fixture body and one on the interior of the fixture body. The combined output of these two rows creates the generous (4500 and 9600 lumens) output of the Lens.

The fixture body is equipped with a plate to conceal the drivers and wiring connections.

The fixture also includes a diffuser that resides underneath the metal lens.

1-Light Pendant

Lens 1 Light Pendant is offered in two sizes and three standard finishes. The sand-cast aluminum light engine creates direct and indirect illumination. 0-10V dimming. 277 Volt available.

Dimensions:

23.6"D x 32" - 158"H

35.4"D x 32" - 158"H

Lamp Type:

23": 26W 120V 2400 lumens 3000K >92CRI LED

35": 26W 120V 2400 lumens 3000K >92CRI LED

Model Numbers:

F46 A01A 14 - 23.6" Satin-finish burnished

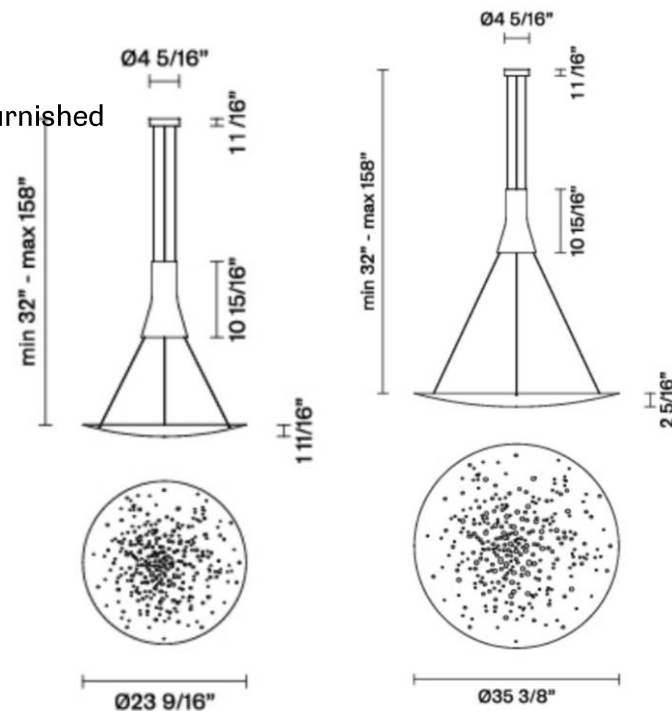

F46 A01A 56 - 23.6" Rust

F46 A01A 76 - 23.6" Bronze

F46 A03A 14 - 35.4" Satin-finish burnished

F46 A03A 56 - 35.4" Rust

F46 A03A 76 - 35.4" Bronze

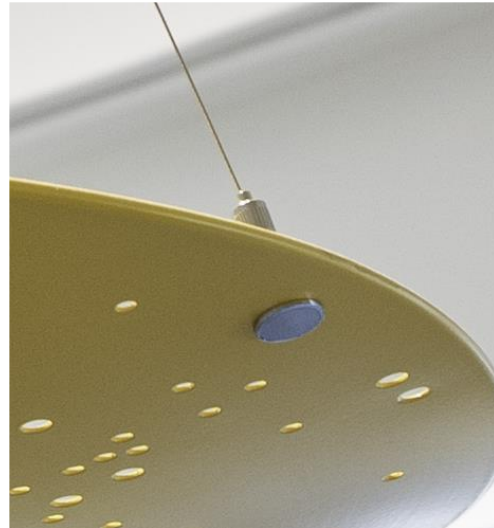

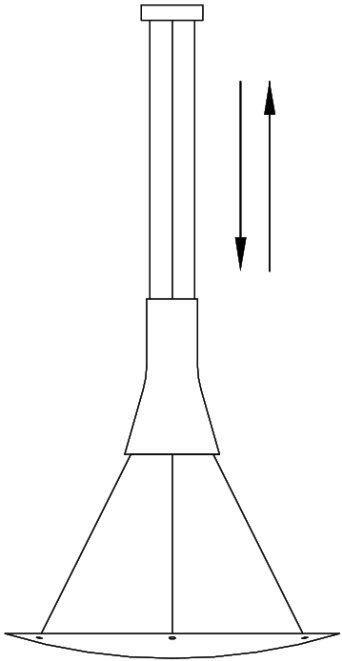

F46 LENS - Installation

1-Light Pendant

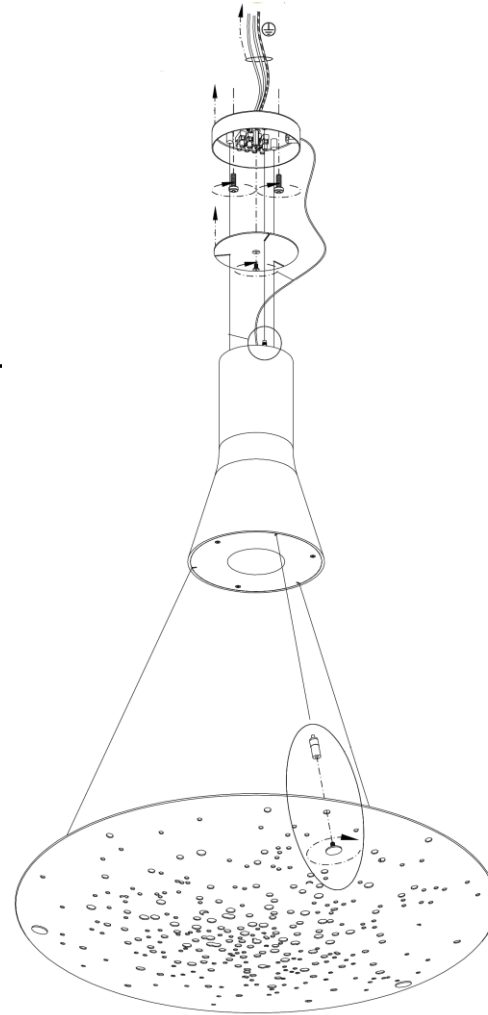

The pendant can be installed in two ways-
Using the canopy, which houses and secures the support cables or offset, which uses cable locks to secure the pendant to the ceiling and the canopy will be off center.

Height adjustments are done by adjusting the cable heights above the light module.

3-Light Pendant

Lens 3 Light Pendant is offered in two sizes and four standard finishes (3 solid color and one multicolor combining all three colors). The sand-cast aluminum light engine creates direct and indirect illumination. These are grand scale pendants and designed for large vertical and horizontal spaces. 0-10V dimming. 277Volt available.

Dimensions:

41.7"D x 32" - 158"H

63.4"D x 32" - 158"H

Lamp Type:

41": 3x 26W 120V 7200 lumens 3000K >92CRI LED

63": 3x 26W 120V 7200 lumens 3000K >92CRI LED

Model Numbers:

F46 A05A 14 - 41.7" Satin-finish burnished

F46 A05A 56 - 41.7" Rust

F46 A05A 76 - 41.7" Bronze

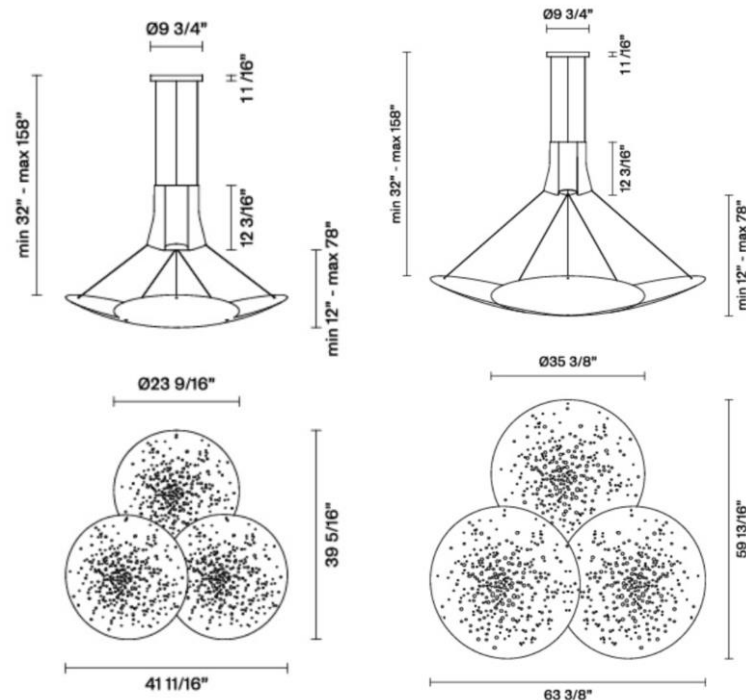

F46 A05A 99 - 41.7" Multicolor
