Driver for powering fixture / fixtures. Driver is sized to match the custom system design.Canopy or J-box with cover plate or trimless mounting kit

Notes

Create a custom Multispot Ari configuration by selecting number of pendants, pendant heights, pendant cord heights, pendant color, color temperature and canopies. 59" - 98" - 157" - 32'9" Dimming is based on driver capabilities. If running multiple units on one driver, fixtures must be series wired and meet minimum load ratings of the connected driver. 75 feet maximum wire length from beginning to end of series connection.
