### Easy D14 D14F45RM01 Massimo&Marzia Sacconi

Fixture type Project name

#### Material

Glass - Metal

#### Color

White

#### Other colors available

Check online www.fabbian.us

#### Included accessories

LED, Driver

#### Options

0-10V dimming 2700K, 3500K, 4000K 2000 Lumen Module 277V Safety cable model D27-SC for seismic needs

#### Description

The Easy semi-recessed lamp features a satin-finished white blown glass diffuser and structure in polished chrome. Integral LED lamping. Remodel Housing. Suitable for residential, corporate, hospitality, and retail applications.

Voltage 120V	Dimmable TRIAC

#### **Fixture Type**

#### Selected Product Model

Integral LED Remodel Applications

Integral LED for New Construction

#### Description

After intense research on shapes in spaces, Pamio Design Studio succeeded in creating a wide range of recessed lighting fixtures that are both functional and exquisite. The shapes, facets, materials, and finishes were conceived to produce the best lighting possible while adding a touch of elegance to the usual recessed spotlights making the space less technical and cold.

The result is the D27 Faretti series, a range of "small gems of light", that enhance the ceiling in any space, creating elegant, unique atmospheres. Recessed lighting fixtures are for indoor use with housings available for Remodel, New Construction, and Insulated Ceilings. Match with Crystal and Glass Trims in both transparent or satin finishes, and some with stainless steel front plates.

Trims are available for DRY (open glass) or DAMP (closed glass) applications.

#### Optical assembly

- Bridgelux BXRC-30E2000-C-23 Remote Phosphor LED Module
- 40 Degree Optical Assembly with Integral Heatsink
- >93+ CRI

#### · Field Accessible and Replaceable

#### Product performances

• LED 500mA • 1x16

		14'	10.1	14

#### Weight

5.51 lb

#### **Electrical & dimming**

120V Only

Dimmable to 10% with ELV Dimmer

#### Mechanical

#### **Remodel Housing:**

- Housing is designed for Remodel installations up to 5/8" thick ceilings and not for contact with insulation
- (4) Clips are used to lock fixture into place
- Multiple knockouts located on (4) sides of the driver box for easier installation access

Integral LED, Insulated Ceiling Contact

#### New Construction (NC) and Insulated Ceiling (IC) Housings:

- Trim on housing is preset for 1/2" drywall and field adjustable to work with up to 2.5" ceiling thickness
- Hanger Bars adjustable from 13" to 25" for joist and grid ceiling installations
- Pre-attached nails included on hanger bars
- Housing is designed for New Construction installations
  - NC- Not for contact with insulation
  - IC For direct insulation contact

#### Product options (Minimum order quantities may apply)

#### Drive

- · D27F-MOD-DRVR-277V-ELV 277V Only , ELV Dimming
- D27F-MOD-DRVR-UNV-010V 0-10V dimming (NC and IC only)
- D27F-MOD-ELDOLED HO Driver 0.1%Dimming. Programmable for 1000 or 1918 lumens (NC and IC (low output only) only)

#### Safety Clip

- D27-SC 12" Safety cable with safety clamp for Faretti Glass
- CCT
- D27F-MOD-2700K 2700K, 93CRI
- D27F-MOD-3500K 3500K, 93CRI
- D27F-MOD-4000K 4000K, 93CRI
- High Output
- D27F-MOD-HI-OUTPUT 1918 Initial Lumens, 93CRI. (NC Only)

#### Listing & warranties

ETL Listed to UL 1578 Standard

\* Options listed are available with extended lead times; minimum order quantities may apply
