Armilla F50

F50A53A01

Fixture type

Project name

Lorenzo Truant

Description

Armilla's three cleverly crafted metal rings support the glass diffuser and provide the suspension point for the pendant. Armilla's handblown 14.2 diameter glass is offered as a pendant lamp. A round mold is used to create the glossy white glass. The metal rings are inserted into the molds, and then the glass is blown in – securing the rings into place.
